GUIDELINES FOR SPONSORING TRADE DELEGATIONS ABROAD

1. OBJECTIVES:

Trade delegations are an important promotional tool for the implementation of export strategy (Annex I). To maximize returns it is essential that the organization of delegations be focused, well organized and properly followed up. These guidelines seek to ensure this. These guidelines and criteria will form the basis of trade delegations where TDAP funding / contribution is involved. The overall objectives to be achieved are:-

a. To maximize exports and market shares with the help of experienced exporters with critical mass/product range & a proven track record.

b. To promote new & medium to small size exporters having a successful track record of aggressive growth, irrespective of the size of current level of export.

c. To increase geographical spread in developed countries, of our exports in the core and developmental categories, with the help of experienced & medium to large size exporters with an aggressive track record of growth.

d. To increase geographical spread in non-developed countries for the core products with the help of medium to large size and small, but aggressive, entrepreneurial exporters.

e. To increase exports of our developmental categories in selected geography with exporters/businessmen of medium to large size with proven track record of success in similar geographical areas abroad or in Pakistan as far as possible.

f. To support maximization of Pakistan’s exports in regional trade blocks.
g. To encourage women entrepreneurship.

h. To project a correct, modern & enterprising image of Pakistan as an exporting country with the motto whatever we do, we do with excellence.

2. GENERAL

CRITERIA General

Keeping budgetary provisions in view, delegations shall be sponsored on the following basis.

a. Preferably product specific rather than general (except for reasons of bilateral relations).

b. Preference will be given to products and markets in close alignment with current export strategy (Annex I).

c. Selection of destinations will essentially be of those that diversify exports and not on the basis of historical visits (except for reasons of bilateral relations).

Criteria for selection of delegates.
(Note: A year will mean Fiscal year July to June)

2.2(1) General

For all applicants the following will apply:

a. No exporter will be eligible for TDAP’s support in excess of two (2) events in a year.
b. Adequate production capacity, quality of products (ISO & SA certified companies will be preferred), availability of brochures & literature (especially in language of host country).

c. Any instance of misconduct, unjustified absence OR poor presentation in a previous event will render applicant ineligible.

d. Adverse decision in a trade dispute by a commercial court will render applicant ineligible.

e. Advertisement of all planned events will be made in leading news papers every six months for the coming next 18 months schedule.

f. Advertisement of each event will be released 4 months before the date of the event.

2.2(2) Core Product Categories (including Textiles & Garments)

a. Out of the applicants 70% will be selected on the basis of level of certified exports as an average of the last 3 years in descending order. These will be from amongst applicants responding to the advertisement released by TDAP. Where the response from such press advertisements is insufficient, TDAP will select on its own, and as far possible, in consultation with the trade.

b. Registered/Branded product exporters (registered in a region/country of destination) will be preferred {irrespective of level of exports}. This excludes brand for others under franchise.

c. 15% of participants will be from amongst small & medium exporters (SMEX). They will be selected on the basis of the rate of compound growth per annum based on a maximum for last 3 years exports – irrespective of level of exports. Two definitions of Small & Medium Exporters are available on record. One, defined vide serial No.280(g) of Customs Rules as “an export unit having export upto US$ 2.5 million per annum”, while the second by SMEDA, Small as having employees between 10-35 & productive assets ranging between Rs. 2-
20 million; and Medium between 36-99 employees & productive assets from Rs.20-40 million. A suitable insertion, in this regard, will be made in all the advertisements asking the exporters to indicate the category against which they intend to apply.

d. 15% of participants will be new exporters or women entrepreneurs where preference will be given to manufacturing exporters. At least one women entrepreneur will be encouraged to join every event as a delegate. Method of selection as for © above. (New Exporter means a firm which intends to enter the field of exports).

2.2(3) Developmental Categories

(a) For export Enhancement

i. Based on applications received exporters/businessmen will be selected in descending order of their last year’s exports OR local sales in the case of new exporters.

ii. Product range should be appropriate to the market.

iii. Must have acceptable level of quality control, grading, packaging facilities & production capacity to support emerging export opportunities. This will be verified by an TDAP officer through personal visits giving reasons in writing for selection or otherwise.

2.2(4) All other Product Categories
Criteria same as for Developmental Categories. The exporters that TDAP will subsidize, however, will be of product sectors that have registered a growth rate of minimum of 10% p.a. in the last 5 years on total Pakistan basis.
